Johnson Elementary School Extra-Curricular Activity Guide

JES students can participate in a variety of extra-curricular activities. Participation is determined by academic status and adherence to coach/sponsor expectations. Many activities are open to all interested and eligible participants. Few activities require a tryout based on constraints of the activity.

Attendance: In order to participate in a co-curricular or athletic activity, students must be present at school on the day of the game, meeting, contest, practice, etc. In addition, student behavior at a school activity is expected to comply with all school rules and a student may be excluded from activities if behavior issues arise.
