HEALTH INVENTORY INSTRUCTIONS

To Parents or Guardians:

In order for your child to begin each school year at The Maddux School, the following are required:

1. A physical examination by a physician or certified nurse practitioner must be completed within the past year. A physical examination form designated by the Maryland State Department of Education and the Department of Health and Mental Hygiene, your County of Residence or a licensed physician must be used to meet this requirement.
2. Evidence of screening for lead poisoning. A Maryland Department of Health and Mental Hygiene Blood Lead Testing Certificate DHMH 4620 may be used.
3. Evidence of immunizations against common childhood communicable diseases is required for all students. A Maryland Immunization Certification form or documentation printed at a licensed physician's office may be used. **The form documenting the required immunizations must be completed before a child may attend school.**

Exemptions from a physical examination and immunizations are permitted if they are contrary to a student's religious beliefs. Students may also be exempted from immunization requirements if a physician certifies that there is a medical contraindication.

The health information on this form will be available only to those health and education personnel who have a legitimate educational interest in your child.

In order to assist your child in gaining the most from his/her educational experience, please complete Part 1 of this Health Inventory form. Part 2 must be completed by a physician or nurse practitioner, or attach a copy of your child's physical examination to this form. If your child takes medication of any kind at school or at home, you must have the physician complete the Physician's Medication Order Form. If you do not have access to a physician or nurse practitioner or if your child requires a special individualized health procedure, please contact the director of The Maddux School.

Please complete these health forms, **keep copies for your personal records** and return them to The Maddux School by the deadline noted.

HOW TO USE THIS FORM

The documented tests should be the blood lead tests at 12 months and 24 months of age. Two test dates and results are required if the first test was done prior to 24 months of age. If the first test is done after 24 months of age, one test date with result is required. The child's primary health care provider may record the test dates and results directly on this form and certify them by signing or stamping the signature section. A school health professional or designee may transcribe onto this form and certify test dates from any other record that has the authentication of a medical provider, health department, or school. All forms are kept on file with the child's school health record.

How To Use This Form

The medical provider that gave the vaccinations may record the dates (using month/day/year) directly on this form (check marks are not acceptable) and certify them by signing the signature section. Combination vaccines should be listed individually, by each component of the vaccine. A different medical provider, local health department official, school official, or child care provider may transcribe onto this form and certify vaccination dates from any other record which has the authentication of a medical provider, health department, school, or child care service.

Only a medical provider, local health department official, school official, or child care provider may sign ‘Record of Immunization’ section of this form. This form may not be altered, changed, or modified in any way.

Notes:

1. When immunization records have been lost or destroyed, vaccination dates may be reconstructed for all vaccines except **varicella, measles, mumps, or rubella.**
2. Reconstructed dates for all vaccines must be reviewed and approved by a medical provider or local health department no later than 20 calendar days following the date the student was temporarily admitted or retained.
3. Blood test results are NOT acceptable evidence of immunity against diphtheria, tetanus, or pertussis (DTP/DTaP/Tdap/DT/Td).
4. Blood test verification of immunity is acceptable in lieu of polio, measles, mumps, rubella, hepatitis B, or varicella vaccination dates, but **revaccination may be more expedient.**
5. History of disease is NOT acceptable in lieu of any of the required immunizations, except varicella.

Immunization Requirements

The following excerpt from the MDH Code of Maryland Regulations (COMAR) 10.06.04.03 applies to schools:

“A preschool or school principal or other person in charge of a preschool or school, public or private, may not knowingly admit a student to or retain a student in a:

- (1) Preschool program unless the student's parent or guardian has furnished evidence of age appropriate immunity against Haemophilus influenzae, type b, and pneumococcal disease;
- (2) Preschool program or kindergarten through the second grade of school unless the student's parent or guardian has furnished evidence of age-appropriate immunity against pertussis; and
- (3) Preschool program or kindergarten through the 12th grade unless the student's parent or guardian has furnished evidence of age-appropriate immunity against: (a) Tetanus; (b) Diphtheria; (c) Poliomyelitis; (d) Measles (rubeola); (e) Mumps; (f) Rubella; (g) Hepatitis B; (h) Varicella; (i) Meningitis; and (j) Tetanus-diphtheria-acellular pertussis acquired through a Tetanus-diphtheria-acellular pertussis (Tdap) vaccine.”

Please refer to the “**Minimum Vaccine Requirements for Children Enrolled in Pre-school Programs and in Schools**” to determine age-appropriate immunity for preschool through grade 12 enrollees. The minimum vaccine requirements and MDH COMAR 10.06.04.03 are available at www.health.maryland.gov. (Choose Immunization in the A-Z Index)

Age-appropriate immunization requirements for licensed childcare centers and family day care homes are based on the Department of Human Resources COMAR 13A.15.03.02 and COMAR 13A.16.03.04 G & H and the “**Age-Appropriate Immunizations Requirements for Children Enrolled in Child Care Programs**” guideline chart are available at www.health.maryland.gov. INFORMATION AND PROCEDURES

1. Medication may not be accepted by school personnel without receipt of the Maddux Medication Order Form signed by both the parent/guardian and the authorizing physician.
2. Alternatively, physician may use office stationery or prescription pad to authorize medication administration. Required information includes: student name, birthdate, diagnosis, medication name, dosage, time to take medication, duration of medication, sequence if more than one medication is to be taken, side effects, physician signature, and date. The parent/guardian must sign and submit the parent portion of the Maddux form.
3. The first full-day dosage of any new medication must be given at home.
4. Please make sure we have a new form for each school year and each new or discontinued medication. Forms are good for one school year. They do not carry over from one school year to the next.
5. Parents are responsible for collecting any unused portion of medication within one week after expiration of physician order. Medications not claimed within that period may be destroyed.
6. All medications kept in school will be stored in a locked area accessible only to authorized personnel. Parents/guardian are to bring medications to school in a container appropriately labeled by the pharmacy. Medications may not be sent to school in a child's backpack. Parents are responsible for bringing and picking up all medications including over-the-counter medications.
7. A written physician's order form is also required for emergency medication, over the counter medication, and short-term medications, (including antibiotics).
8. Written orders from the physician will be needed any time there is a change in dosage, time of administration or discontinuation of a medication.
9. Evidence that the student is being monitored by a physician is required for psychostimulants, antipsychotic, antidepressants, anxiolytics, and seizure medication.
10. Parent or guardian will be notified via written note or email when a five-day supply of medication is left at school.

INFORMATION AND PROCEDURES

1. The Epinephrine Auto Injector **WILL NOT BE ADMINISTERED IN SCHOOL OR DURING SCHOOL-SPONSORED ACTIVITIES** without a parent/guardian-signed authorization and waiver and a physician's order/authorization.
2. This form must be on file in the student's health folder. The parent is responsible for obtaining the health care provider's order/authorization. (See Part II.) The school administrator will ensure that all items on the form are complete.
3. The parent is responsible for submitting a new form to the school each school year and whenever there is a change in dosage or a change in conditions under which the Epinephrine Auto Injector is given.
4. Medication must be properly labeled by a pharmacist and must match the health care provider's order. If the health care provider's orders include a repeat Epinephrine Auto Injector, an additional Epinephrine Auto Injector must be provided by the parent/guardian.
5. Medication must be hand-delivered to the school by the parent or, under special circumstances, an adult designated by the parent. Under no circumstances will a school staff member administer medication brought to school by the student.
6. All medication kept in the school will be stored in a secure area accessible only to authorized personnel.
7. Any unused medication will be collected by the parent within one day after the end of the school year.
8. In no case may the school staff member administer epinephrine to a student who is identified as subject to anaphylactic reaction outside the framework of the procedures outlined above.
9. Parental permission is necessary for teacher-carry/teacher-administered emergency medications such as **Epinephrine Auto Injector** for anaphylaxis. Maddux School staff will receive annual training in the safe and appropriate use of Epinephrine Auto Injector administration.
10. Anytime an Epinephrine Auto Injector is administered, 911 will be called.
