

Wohlwend Elementary School

Proud Member of the Mehlville School District

Thank you for taking the time to provide input into our facility planning process. A steering committee of parents, community members, and district employees will use your input to prioritize potential projects at each building.

Recent parent and staff surveys indicate district facilities need to be improved in the areas of heating/cooling, parking, restrooms, and safety. We know the age and deficits of our heating and cooling units, so we do not need feedback on that topic. We do need your input across the themes that follow. As you take note of possible projects, please be specific with locations, noting room numbers where possible. Please write legibly, and please return this feedback sheet to Dr. Meschke in the Wohlwend Elementary School office by the end of the day on Tuesday, Nov. 26.

Parking

Ex: Additional visitor parking

Restrooms

Ex: Renovate restrooms near entrance

Safety and Security

Ex: Solid doors at entrance with direct access to the office

Instructional Space

Ex: Upgrade science labs

General Upgrades

Ex: Replace flooring

Other

Ex: Improve accessibility to main entrance
