

# SUMMER READING 2022

## *Notre Dame-Fairfield*

Summer is a great time to read! To develop the reading habits that will help you in school and in life, we encourage you to find good books. Read as a family, read with a friend, read in the morning, read at night. Make reading a habit, as instinctual as checking your phone.

We believe that reading is beneficial for social, emotional, and intellectual growth. It helps us grow in empathy, knowledge, and curiosity. Sustained reading increases vocabulary, solidifies academic gains, and helps ensure college success.

On our summer reading list we are going to offer a mix of contemporary, engaging, high-interest books as well as some classics. You must read at least one of these books, but we sincerely hope that you read even more. You will be required to write an essay on your book that will be due during the first days of school.

We encourage parents and students to work together and use sites such as [Goodreads.com](https://www.goodreads.com) and [commonsensemedia.org](https://commonsensemedia.org) to select books that are appropriate. Many of these books are available at your library or through the [Libby](#) app. [Amazon](#), [Alibris](#), [Abebooks](#), and [Indiebound](#) are all places to shop online for new and used books.
