## **Physicals and Immunization Records**

**All transfer students must have a physical examination and proof of immunizations prior to the start of school.**

The necessary information and physical forms are contained in your Welcome folder. Medical records must be complete before the beginning of school. Please follow the time schedule set up by the nurse.

## **Summer Reading Assignments**

Because we recognize the importance of reading across the curriculum, Notre Dame requires that students complete a reading assignment during the summer. Students will be tested in September in their English class. We thank you for the support and encouragement that you extend to your children in this important endeavor.

## **Chromebooks & E-textbooks**

Notre Dame will provide students with a Chromebook for in-school and at-home use along with access to all e-textbooks at the start of the school year. Families will be billed for any e-texts in October.
