## School Accountability Report Card

### Reported Using Data from the 2018-19 School Year

#### Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### School Description and Mission Statement (School Year 2019-20)

Fort Irwin Middle School (FIMS) is located on Fort Irwin National Training Center in the Mojave Desert, 38 miles from the nearest city, Barstow, California. Prior to January of 2006, FIMS served the Fort Irwin Community as a fourth through eighth-grade school, but with the opening of Tiefert View Intermediate School was reconfigured into a traditional sixth through eighth-grade middle school. Our student population is composed of approximately ninety percent military dependent children who have traveled all over the world and come to FIMS with many views of what schools are and how they as students fit into them. The remaining students are composed of students who are intradistrict and inter-district transfer students whose parents are employed at Fort Irwin National Training Center. Some of these are retired or are former military-related personnel, but many are civilians who have chosen employment many miles from their homes. Students in these situations are impacted similarly to our staff that travels great distances. Many of our parents are soldiers who are assigned to the "Operations Group," 11th Armored Cavalry Regiment or the 916th Sustainment Brigade and therefore spend many days and/or hours in the field away from their families supporting the rotational units that pass through the National Training Center en route to Afghanistan or other destinations. They are combat veterans selected for this assignment because of their multiple overseas deployments and unique skill sets. This of course, substantially impacts the social-emotional stability of many FIMS students in meaningful ways.

#### School Mission Statement

We will create a school culture where all members build relationships that support and motivate students to "Do Their Best" academically and behaviorally.

#### School Vision

Fort Irwin Middle School will develop an academic program that will focus on high expectations of pupil performance in an environment where students feel socially, emotionally, and physically safe.

## Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

**Year and month in which data were collected:** August 2019

Pursuant to the settlement of Williams vs. the State of California, Silver Valley Unified School District thoroughly inspected each of its school sites at the start of the 2019-20 school year to determine whether or not each school had sufficient and good quality textbooks, instructional materials, and/or science laboratory equipment. The date of the most recent resolution of the sufficiency of textbooks is September 10, 2019.

All students, including English Learners, are given their own individual textbooks and/or instructional materials in core subjects, as well as, foreign language and health (as appropriate), for use in the classroom and to take home if necessary. Additionally, all textbooks and instructional materials used within the district must be aligned with the California State Content Standards and frameworks, with final approval by the Board of Education. The table displays information collected in August 2019 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

## School Facility Conditions and Planned Improvements (Most Recent Year)

Fort Irwin Middle School was originally constructed in 1956 with additions constructed in 1995. The campus is situated on 15.3 acres and comprised of 22 permanent classrooms, 14 portable classrooms, a library, one computer lab, a gymnasium, and one playground. During 2013-14, several classrooms were painted on the inside, and carpet was replaced in Library, Admin, and F Wing classrooms. During the summer of 2015, new air conditioning and heating units were installed in all classrooms and administration buildings. The operation of the units is conducted in accordance with state requirements for energy usage, with monitoring of temperatures and controls conducted by the school district.

### Cleaning Process

The school provides a safe and clean environment for students, staff, and volunteers. The district governing board has adopted cleaning standards for all schools in the district. Basic cleaning operations are performed on a daily basis throughout the school year with emphasis on classrooms and restrooms. A joint effort between students and staff helps keep the campus clean and litter-free. The principal works daily with the custodial staff to develop sanitation schedules that ensure a clean, safe, and functional learning environment.

### Maintenance & Repair

A scheduled maintenance program is administered by the District's maintenance staff on a regular basis, with heavy maintenance functions occurring during vacation periods. Additionally, a scheduled maintenance program is administered by Silver Valley Unified School District, including regular facilities inspections, to ensure that school grounds and facilities remain in excellent repair. A work order process is used when issues arise that require immediate attention.

Repair requests are completed efficiently and in the order in which they are received. The chart displays the results of the most recent school facilities inspection, provided by the district.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### CAASPP Test Results in ELA and Mathematics for All Students

#### Grades Three through Eight and Grade Eleven

#### Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19
English Language Arts/Literacy (grades 3-8 and 11)	62	57	53	51	50	50
Mathematics (grades 3-8 and 11)	46	40	39	35	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

### CAASPP Test Results in ELA by Student Group

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. Parents are welcome to volunteer, chaperone school events and field trips, as well as take an active roll in the Parent Teacher Organization. The school has an open-door policy and communicates regularly with parents through emails, phone calls via our Phone Messenger system, letters home, and via the electronic sign on the front of the school. The school campus is also used by privately-run after school programs or by organizations that support the students through intramural sports or other youth-related activities.

### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;

### School Safety Plan (School Year 2019-20)

The safety of students and staff is a primary concern of Fort Irwin Middle School. All guests to the campus must sign in at the office and wear a visitor's badge at all times. Before visitors are allowed to make contact with a student their identification credentials are checked to ensure that they are authorized to contact the student in question. Supervision is provided to ensure the safety of each student before school, during breaks, at lunch, and after school. Supervision is a responsibility shared among noon-duty aides, teachers, and school administration.

To safeguard the well-being of students and staff, comprehensive School Site Safety Plans have been developed for each site by the district. The Safety Plans were most recently updated in January of 2018, with all revisions reviewed immediately with the staff. Key elements of the Safety Plan focus on the following: school rules and procedures, disaster procedures, current status of school crime, notification to teachers, child abuse reporting procedures, school-wide dress code, routine and emergency drills, sexual harassment policy, policies related to suspension and expulsion, maintaining a safe and orderly school environment, safe ingress and egress of pupils, parents, and school employees.

The school is always in compliance with the laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. Safety drills, including fire, earthquake and intruder drills, are held monthly.

## Types of Services Funded (Fiscal Year 2018-19)

Fort Irwin Middle School is provided a comprehensive set of programs and services to support and assist students. Every classroom is equipped with technology either in the form of desktop or laptop computers. In addition, the school district provides technology-based software such as Renaissance Place, Pearson Envision, Moby Max, Read 180, Edmentum, and Typing Club. Throughout the year, teachers utilize the computers to benchmark students' academics and then adjust instruction through differentiation strategies. Periodically, the teacher will meet with the School Principal for student monitoring conferences in which the students' test scores and performance levels are discussed and instructional best practices are reviewed.

The school district has provided funding for after-school programs and after-school tutoring. Teachers are available for one hour, once or twice per week to assist students with targeted instruction in Language Arts or Mathematics. In addition, our AVID program is geared toward supporting students with specific and identified academic needs. Throughout the year, the AVID teachers and their students discuss college readiness, research colleges they may wish to attend after high school, and discuss leadership skills that lead to lifelong success.

## Professional Development (Most Recent Three Years)

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	27	31	10

A constructive evaluation process promotes quality instruction and is a fundamental element in a sound educational program. Evaluations and formal observations are designed to encourage common goals that comply with the state's evaluation criteria and district policies. Temporary and probationary teachers are evaluated twice a year and tenured teachers are evaluated every other year.

Evaluations are conducted by the School Principal, who has been trained and certified for competency to perform teacher evaluations. Evaluations are aligned with California Standards for the Teaching Profession and include the following: engaging and supporting all students in learning, understanding, and organizing subject matter for student learning, assessing student learning, creating and maintaining effective environments for all students, and developing as a professional educator.

Staff members build teaching skills and concepts through participation in conferences and workshops throughout the year. The district sponsored teachers were offered a broad-based variety of professional growth opportunities in the curriculum, teaching strategies, and methodologies. 2018-19 staff development day topics included: Pearson, Math Strategies with Kristen Hilty and Staci McDaniel, AVID, and behavior training with Lisa Rogers. Teachers were also given training opportunities for Scholastic Read 180, Pat Pavelka Writing Strategies training, Singapore Math training, Edmentum, and Defined STEM. For the 2017-2018 school year, staff development included the following topics; Positive Behavior Interventions and Supports (PBIS), three-day RTI Conference, Scholastic Read 180, Pat Pavelka Reading and Writing Strategies training, Singapore Math training, and a three-day AVID conference.

For additional support in their profession, teachers may enlist the services of the district's Beginning Teacher Support and Assessment (BTSA) support provider. Teachers also meet every six weeks to collaborate with their entire grade level as a district and discuss curriculum needs and instructional best practices.
