## Ramapo Indian Hills Regional H.S. District

### Mask Update

Earlier today, Governor Murphy announced via Twitter that, due to excessive heat, the decision to wear masks inside of the schools will be left to local school districts. **Effective immediately, masks will be optional in our school district, inclusive of the classroom, school bus and school grounds. Students and staff who are not wearing masks must stay behind desk shields in the classroom, keep distance outside and throughout the school building.**
