CLUBS and ACTIVITIES - We hope you are adjusting well to the new school year! Getting involved in something outside of class is really going to enrich your high school experience and help you to become part of the fabric of Ramapo. We encourage you to become involved in one or more of Ramapo's over 80 clubs and activities. There are many reasons to get involved this way: connecting with others and making new friends, pursuing a new or existing interest, helping the community, building your college resume, and just trying something different. A listing of Ramapo's clubs and activities (and their advisors) is attached.

Why are we wearing these Masks????? Ugh!!!!!! Here is why...

COVID-19 is airborne and spread by respiratory droplets which enter through the nose and mouth

Here is how...

For the mask to be the most effective, it must fit as snugly as possible to the face, covering the chin, mouth and nose up to the nose bridge

The mask should fit tightly against the face. This means there should be no gaps or openings along the sides of the mask

For individuals who wear glasses, masks can cause lenses to fog up. It is recommended to adjust the position of the mask near their glasses. By pressing the mask tightly to the skin under the eyes (and around/under the frames of the glasses)
