

ELEMENTARY STUDENT PLACEMENT POLICY

Topsham Schools

M.S.A.D. No. 75 determines student placement in Topsham elementary schools by residence, using Routes 201 and 196 to determine the boundary between Woodside Elementary School and Williams-Cone School. Students residing east of Route 201 and south of Route 195, along with homes accessed from Can Am Drive, generally attend Williams-Cone School. Students residing west of Route 201 and north of Route 196 generally attend Woodside Elementary School. See Exhibit EEAA-E1 for a listing of streets by school of attendance.

Subject to the availability of space and with the approval of the Superintendent, parents with children in day care may elect to enroll their child/children on the side of town where their day care is situated, if it is not situated on the same side of town as their residence. In the event that this arrangement is made and the child's day care is terminated, the child may remain at the school with approval from the Superintendent, but in such cases transportation will **not** be provided by the District.

District-wide Boundaries

If student enrollment in a school begins to exceed school capacity, the Board of Directors reserves the right to reserve school attendance boundaries.
