COVID PROTOCOLS DURING BREAK

Please note that our offices are closed on 12/24, 12/27 and 12/31 and we will have limited staff on other days.

What to do if:

1. My student **tests positive** on December 22 or 23 **and** was in school:
 - Contact your school administrator via email and continue isolation (JJIS students please email chewes@colchesterct.org).
 - Administration will conduct contact tracing and alert other families.
2. My student **tests positive** between December 24 and January 2 (regardless of vaccination status):
 - Contact Chatham Health Department and your child's healthcare provider.
 - Do not send your student to school on Monday, January 3.
 - Contact your school nurse on Monday, January 3 for additional information and return to school date (instructional information will be provided as well).
3. My student was a **direct contact** of COVID19 case between December 24 and January 2 and **IS NOT** vaccinated:
 - Contact Chatham Health Department and your child's healthcare provider.
 - Do not send your student to school on Monday, January 3.
 - Contact your school nurse on Monday, January 3 for additional information and return to school date (instructional information will be provided as well).
4. My student was a **direct contact** of COVID19 case between December 24 and January 2 and **IS** vaccinated:
 - Contact Chatham Health Department and your child's healthcare provider.
 - Your student may attend school on Monday, January 3 only if they are symptom free.
5. My student is a **BA Athlete** and **tests positive** or was a **direct contact** of COVID19 case December 24 and January 2 during a BA sporting event/practice regardless of vaccination status:
 - Contact Mr. Peel at BA.
