

Student Team Manager Form

Student Team Managers provide an important role with the success of a team. Their roles can include but not be limited to:

- Statistics for games
- Uniform tracking
- Equipment management

Student managers must get approval from the coach to participate, and return the below form to the Athletic Director in the athletics office. Student managers are responsible to follow all aspects of the EGHS athletic handbook, and report directly to the coach. Because the coach is directly responsible for all students on the team (including managers), you must accurately communicate your schedule throughout the season to them.

I understand I am responsible to follow all team and school rules, and accept my position as team manager for:

_____ (include sport here).
