PULLMAN PUBLIC SCHOOLS
Our Mission: Ensuring Learning While Challenging and Supporting Each Student to Achieve Full Potential

ABOUT PULLMAN PUBLIC SCHOOLS

Pullman is a community of 32,000 people (including about 20,000 Washington State University students), located in the rich agricultural area of southeastern Washington. Pullman is less than 80 miles south of the metropolitan area of Spokane. It is also seven miles from Moscow, Idaho, the home of the University of Idaho.

The presence of two college campuses provides a multitude of partnerships, academic opportunities, cultural events, activities, and athletic events. The surrounding area offers access to outdoor endeavors including water and mountain activities.

Pullman Public Schools serves the families of Pullman and the outlying rural areas, covering an area of about 220 square miles. We serve over 3000 students and employ over 300 staff members. The district operates a special education preschool program, 4 elementary schools, a middle school, and a high school.
