To find District Report Card

- Log on to TPS.org
- Click on Discover TPS tab
- Click on District Report Card
- This will bring up the Districts report Card covering the six (6) components. You can learn more information by clicking the "View More Data" tab under each component.

To find individual School Report Card

- Enter the school name in the Search Box.
- Click on the School Name (Make sure it says TOLEDO City)
- Click on Report Card Overview to bring up the school's report card.
- This will bring the same six (6) components as the district report
- If there are no star rating it is because that component does not have data available.
