INTERSCHOLASTIC ATHLETICS

PHILOSOPHY

The athletic program is an integral part of the physical education program. It is organized to meet the needs and interests of students possessing athletic skill. We encourage the maintenance of good academic standing within the pupil's performance level throughout the individual athlete's participation. We conclude that the combination of good athletic and academic performance serves to develop positive school citizenship.

CHAIN OF COMMAND POLICY

The following procedure is in place whenever a student or parent has a problem, complaint, or is dissatisfied with coaching decisions that affect them or their son/daughter:

1. Coach
2. Athletic Director.
3. Principal.
4. Superintendent of Schools.

BUS TRIP POLICY

It is required that a student – athlete will ride any transportation provided by the school to athletic contests. A case by case determination can be made by the Principal or Athletic Director to allow for alternative means of transportation.

Students are also expected to ride any transportation provided by the school on the way back from an athletic contest. The only exceptions to this are if they are riding with a parent, or have completed the necessary clerical obligations with the Athletic Director. Student – Athletes are expected to sign out with the coach when not returning on school provided transportation.

ATTENDANCE POLICIES

It is mandatory that all students report to homeroom by 8:20 am to be eligible for that days activity/contest.

EXCEPTION: Verifiable appointments such as doctor, lawyer, business, etc. If the student – athlete meets the criteria for one of these exceptions, a note will be provided by the School Principal or Athletic Director.

1. UNDER NO CIRCUMSTANCES will a coach decide to allow a student, who has been absent from school for any part of the day, to participate in a practice, game, or extracurricular activity of any kind for that day.
2. Students who miss class due to athletic participation must arrange with the teacher(s) involved to make up any work missed.

ABSENT FROM PRACTICE OR CONTEST

A student will be excused from practice or a contest:

1. If the student gets prior permission from the coach (whenever possible).
2. If the student provides a valid and acceptable excuse after the fact (absent from school, medical appointment, family emergency, sickness, academic trip, etc.)

All other absences are considered unexcused and will be handled in the following manner:

1. First Violation - verbal reprimand by the coach explaining responsibility, dedication, team loyalty, etc., as well as a maximum one game suspension.
2. Second Violation - verbal reprimand by the coach as well as a maximum two game suspension.
3. Subsequent Violations - There will be a meeting with Athletic Director, Coach, Student, and Parents to discuss reasons for absences and plan for improvement. Length of suspension will be determined at the meeting by the athletic director and coach, as well as consequences of future unexcused absences. It is possible that the student may be dismissed from the team.

MEDICAL POLICIES

1. SPORTS REVIEW AND NCR FORM: All students must have a Sports Review and NCR form completed before any athletic participation will be allowed. Sports reviews are conducted in the health office before each sport season by the school nurse. Students will be notified during the school year as to when they are to sign up and when they will be given. An NCR (Sports Questionnaire) Form must also be completed and signed by the student and parent/guardian at the time of the sports review.
2. ACCIDENT REPORT PROCEDURE: Coaches are required to fill out an accident report form for anyone on the team that has an injury. Accident reports are to be filled out and sent to the school nurse within 24 hours of the injury. Sometimes players do not tell the coach that they were injured in a game or practice. If your son/daughter did receive some type of injury during a practice or game, please make sure that the coach/nurse has been informed of the incident.
3. RELEASE FROM DOCTOR: A student may not practice or play in a game (after an injury requiring medical attention) without a release from the doctor in charge. A copy of the release must be given to the coach and the school nurse before a student will be allowed to resume athletic participation.
4. EYE WEAR POLICY: Students who require corrective lenses for athletic participation (P.E. class, Intramural, Interscholastic sports) should observe the following recommendations in order of priority:
 - a. May wear soft contact lenses.
 - b. May wear non-breakable plastic frames and lenses.
 - c. May wear athletic frame and bridge guard.
 - d. If there is a danger of frame or glass injury (e.g. contact sports, gymnastics, etc.) protective facial gear should be worn (e.g. rec specs/plastic goggles).
5. ImPACT: The district is now partnered with the ImPACT concussion test. A student must be tested before he/she can participate in practice. If a student gets a concussion they must retake the test until they reach their baseline. They will be unable to participate until this occurs.

** Please note that there is always the potential in athletics for health issues. These can be as simple as tired /sore muscles and as serious as dislocations and fractures.

WHEN A COACH MOVES STUDENTS TO A HIGHER PLAYING LEVEL

If a Coach desires to have a player move up and play at a level that is atypical, the coach will first meet with the athletic director; then there will be a meeting with the student, coach, parent, and Athletic Director. At the meeting the student's ability, maturity, and overall place in the program will be discussed. At the end of the meeting, the coach and Athletic Director will meet privately to determine the best placement of the student.

UNIFORMS AND EQUIPMENT

Equipment and clothing issued to a student athlete is the property of the school and is to be used and worn only during practice sessions and contests. At various times in the sports seasons a coach may allow their players to wear the uniform to school as spirit day attire. If the uniform is worn as spirit wear it must meet proper dress code at all times.

Athletic uniforms are not to be worn during physical education class.

It is the responsibility of the athlete to return to the coach all equipment and clothing issued during the season. Students will not receive awards or be allowed to participate in any future sport season until all equipment is returned or paid for.

STUDENTS PLAYING TWO SPORTS IN THE SAME SEASON

This procedure must be followed when a student wants to play two sports in the same season. This situation must be agreed upon by the Athletic Director, Coaches, Parents and Athletes. The athlete must declare a primary sport between the two sports and report that decision to the Athletic Director, as well as the Coaches involved. All practices, games, meetings and team functions of the priority sport are mandatory and take precedence over the secondary sport. Absence from either sport in order to attend the other will be considered an unexcused absence.

INDIVIDUAL TEAM RULES

Upon review and approval by the Athletic Director, a coach may establish individual team rules that the athlete must follow. An athlete who does not follow the team rules will be subject to disciplinary action by the coach.

NON-AFFILIATED ATHLETIC PROGRAMS:

School sponsored athletics are an integral component of the overall educational program. It must be understood by parents and students that attendance at practices, games and team functions is required. Therefore, an absence resulting from participation in a non-affiliated athletic program will be considered an unexcused absence.

SUNDAY PRACTICES

Sunday practices are not allowed at the JV and Modified Level and discouraged at the Varsity Level. Any Varsity Coach that wishes to schedule a Sunday practice must get prior approval from the Athletic Director.

FAMILY VACATIONS

It must be understood by parents and students that sport seasons do not follow the school vacation calendar. Almost all sports teams will be practicing or having contests during a school vacation. Each individual coach should address this issue at the pre-season meeting after consulting with the Athletic Director in regard to this matter. Please note, that the coach does not have the discretion to “sit” a student/athlete if practices or games are missed as a result of family vacations.

It must also be understood that students going on a vacation without a parent or legal guardian does not pertain to this policy. Practices or games missed under this situation will be considered unexcused absences.

ATHLETIC PLACEMENT PROCESS

Students in 7th and 8th grade who have exceptional athletic ability may try out for a High School sport if they qualify through the Athletic Placement Process (APP) set up by the New York State Public High School Athletic Association. The procedure for approval includes parental permission, administrative approval, medical clearance, sport skill evaluation and physical fitness testing. In addition, students must display an advanced degree of social and emotional maturity before they will be permitted to try out for a high school sport.

MODIFIED ATHLETICS PROGRAMS

Modified athletics is a program for Middle School students in 7th and 8th grade, with some sports including 9th graders. The main emphasis at this level is participation. Teaching basic skills and fundamentals is also a priority. Competition and winning are secondary at this level. Student participation in games will be as equal as possible. However, a few factors that may impact participation are:

- 1) Academics
- 2) Attendance
- 3) Attitude
- 4) Physical Fitness

JUNIOR VARSITY PROGRAMS

This program is mainly for 9th and 10th grade students. They will occupy the majority of roster positions along with some Middle School students who have met all the requirements of the Athletic Placement Process.

At this level, a student is expected to have already developed a certain amount of necessary skill and knowledge of the sport. The student should be able to show a potential of developing into a Varsity level performer.

Junior Varsity programs strive to achieve a balance between team and player development, and the outcome of the contest.

VARSITY PROGRAMS

Varsity sports are the height of the interscholastic program. Team members are made up of mainly juniors and seniors. Occasionally, sophomores and freshman make a varsity squad, if they possess the physical development, athletic ability, and degree of social and emotional maturity that will be required at this level. It is rare, but possible for a Middle School student to make a varsity team if they meet all the requirements of the Athletic Placement Process.

Team size is more limited at the varsity level. A coach may elect to get down to a number of players needed to conduct meaningful and effective practices and be able to play the contests. Each team member should be informed of their role and its importance to team success. The roster positions available are often dependent upon the players' acceptance of their individual role in relation to the team's goals. Varsity teams play to win, however, the integrity of the player, his/her family, or the school will not be put in jeopardy. Player participation for all team members is desirable, but never a guarantee at this level.

TEAM SELECTION POLICY

Since interscholastic sports are extracurricular, students and parents must realize that it is a privilege, and not a right, to participate on a team. It should also be realized that along with the privilege to participate, there are certain criteria that must be met by the student-athlete. This criterion will allow and encourage positive participation.

The student's primary goal is academic achievement in the classroom. Therefore, the student's performance in his/her classes may be taken into consideration when team selections are made. Each member of a team will be given an evaluation criterion by the coach prior to the start of the evaluation process. This will be applied only to teams that need to make cuts. The try out period will be a minimum of 3 days.

Any student who misses the selection process because of extenuating circumstances will be given an opportunity to try out upon their return. The decision to be able to try out will be determined by the Athletic Director.

ATHLETIC AWARDS POLICY

Each team will be eligible for (3) three team awards at the end of the season. A coach may or may not elect to give out these awards to individual students. It will be at the coach's discretion. Varsity Divisional C.V.A.C. Championship and Sectional Championship will receive a banner with individual names of team players and coaches and the year of the championship. In addition, Varsity Divisional C.V.A.C. Championship teams will receive a banner with the year of the championship on it. This is provided to us by the C.V.A.C as a part of our league dues.

QUALIFICATIONS FOR VARSITY AND JV LETTER AWARDS

Students will be awarded an athletic award on the basis of participation. Every athlete who participates in a sport will receive an award - a letter, pin, or certificate of participation. As a general rule, all students who successfully finish the season will receive a letter award. Discretion may be used by a coach if a student – athlete misses a number of contests.

VARSITY AWARDS

1. One letter per athlete.
2. A sport designated pin will be given to an athlete for each year a letter is earned in a particular sport.
3. A captain will receive a captain pin.
4. A certificate of participation will be given to each athlete.

JUNIOR VARSITY AND MODIFIED "A" AWARDS

1. A certificate of participation will be given to each athlete.
2. JV's will receive one letter per athlete.
3. JV athletes will earn a sport designated pin for each year a letter is earned in a particular sport.

MANAGERS, SCORERS, AND TIMERS

1. They may receive a letter or pin at the discretion of the coach.
2. They will receive a certificate.

INTERSCHOLASTIC ATHLETIC RULES

This section describes the rules that athletes must follow and parents should understand. Please keep this contract for reference, and if there is a question about any rule, contact the Athletic Director for clarification.

STATEMENT OF PURPOSE

Athletic participation at Saranac Central is a privilege, not a requirement for High School Graduation. This is why we, as a school district, are looking for athletes who are willing to make a commitment to the athletic program. We want our athletes to be able to follow the rules regarding alcohol, drugs and tobacco. We also want our athletes to conduct themselves, at all times, in an honorable and respectful manner.

Alcohol, tobacco, and drugs do not in any way enhance the performance of an athlete. In fact, these substances inhibit the athlete's ability to perform at higher levels. Therefore, we are requiring our athletes to avoid these substances. We want the best for the student athlete. We feel that there is a real advantage for the athlete in avoiding tobacco, alcohol and drugs.

Saranac Central encourages role modeling in order to set positive examples for younger students to follow. This is best accomplished by strict adherence to the athletic contract, whether it be avoidance of drugs and alcohol or displaying proper conduct and respect at all times.

In preparation for signing the athletic contract, it is necessary to consider the responsibility of abstaining from drugs, tobacco and alcohol throughout your middle/high school career. Signing the athletic contract requires you to make that commitment, if you want to be involved in athletics. In order to be a winner, you must be willing to pay the price and make a commitment to yourself, your team, and your school.

Saranac Central School wishes all athletes the best of luck during your middle/high school athletic career. We hope it is an enjoyable and rewarding one as you strive for success.

It is understood that hazing of any kind is not allowed in the athletic program. It is further understood that athletes have a duty to report to a coach or administrator any acts of hazing known of or seen. Participation in or failure to report any hazing will result in a disciplinary review and possible suspension and dismissal from the athletic program.

4. CYBERIMAGE ISSUES

Student/athletes represent Saranac Central School all year, not just during the sports season. As a result, Saranac Central School encourages safe and responsible student behavior with regard to internet use. We highly recommend our students avoid inappropriate use of public web sites such as MySpace, Facebook, Twitter, Instagram, YouTube or any other such sites.
