

INCLEMENT WEATHER

Should inclement weather conditions or emergencies force the closing of school on a particular day, the superintendent or the superintendent's designee shall make that decision as early as possible and shall notify the community via the district's webpage, the district's social media pages, and local news media.

If necessary, all days on which schools are closed due to weather conditions and emergencies will be made up to meet the school year and hours requirement. Students are expected to be in attendance on each of the days that schools are in session unless their parent(s) believe it is in the best interest of their children's health and safety to have them remain at home because of weather conditions.
