- The attendance boundaries for Sir John A. Macdonald School and Susanna Moodie Elementary School will be revised.

Additional recommendations require capital business cases be submitted to the Ministry of Education to request funds to build a new K-12 school in Madoc, as well as for a new elementary school and a new secondary school in Belleville.

#### WHAT HAPPENS NEXT?

It is our priority to ensure positive transitions for all students as they move to their new schools in September 2017.

Administrators of schools that are closing at the end of this month will be sharing plans for closing ceremonies to celebrate the school history and

honour its legacy. They will also share transition plans with students and families.

During the summer, work will be done to prepare schools to welcome incoming students. This work will be different at each school, such as painting, upgrading the data infrastructure, moving furniture, organizing programming and getting ready to welcome all students.

#### STUDENT TRANSPORTATION/BUSING

As usual, student transportation will be organized through Tri-Board Student Transportation Services.

The Tri-Board team will finalize any changes to routes over the summer and communicate with families.
