All full-time employees working 30 hours or more are eligible to participate in our benefits plan. Your benefits will become effective the date of hire. In addition to covering yourself, you may also choose to cover eligible dependents under the Medical, Dental and Vision plans. This includes your spouse, civil union partner, and eligible dependent children until they reach age 26, regardless of student and marital status, and military personnel to age 30.

MEDICAL

Choosing a Medical and Prescription Drug Plan

BCBSIL PPO Preferred Provider Organization (PPO) offers an extensive national network of physicians and hospitals that have agreed to provide services at discounted rates. You may visit any doctor in any practice or specialty without a referral, but you are covered at a higher level if you receive care from a provider in the BCBS network rather than outside of the network. The PPO plan requires you to share in the payment of your health insurance claims. Plan members are subject to calendar year deductibles, coinsurance and prescription drug copayments.

BlueAdvantage HMO Our HMO plan requires you to select a medical group and primary care physician (PCP) from the BlueAdvantage HMO network. Females may select a Woman's Principal Health Care Provider (WPHCP) in addition to a PCP. All care must be provided or coordinated by your PCP, WPHCP or medical group. Referrals are required from your PCP for any specialty, surgical or inpatient hospital care. The HMO plan pays 100% of your eligible in-network health insurance claims and you are responsible for office visit, emergency room and prescription drug copays. www.bcbsil.com

DENTAL

Our dental PPO plan is provided through BCBSIL. The dental PPO works in the same way as the medical PPO in that you will receive the maximum benefits if you receive care from a PPO in-network dentist. While you may still be covered if you choose an out-of-network dentist, those benefits may be reduced.

VISION

Our vision plan provides discounts on eye exams and eyewear, including frames, lenses, lens options and permanent contact lenses through VSP. You have access to a network of contracting providers, such as ophthalmologists, optometrists and opticians.
