Flossmoor Country Club is Unable to Host Prom Pictures

Flossmoor Country Club has become a popular spot for students and families of Homewood-Flossmoor to meet and take photographs for prom. While Flossmoor Country Club (FCC) is proud to be a part of this amazing, growing community, it is decided that this year FCC will not be available for pictures for Homewood-Flossmoor High School's prom.

Flossmoor Country Club, located at 1441 Western Avenue, is a privately owned country club located in Flossmoor, IL. Due to the club's private nature and active banquets calendar, FCC cannot accommodate the large amount of students and families that wish to meet and take pictures prior to prom. This decision will extend to other high schools in the area, including Marian Catholic High School. Those that arrive, as well as other local prom dates, without membership or invitation to a private event will not be given access to the grounds or facility. This includes the club's parking lot and driveway entrance.

Prom groups have grown over the last decade, with elaborate prom send-offs becoming the recurring trend. Two years ago, the H-F prom groups seen at Flossmoor Country Club amounted to roughly 400 people total without reservation or membership. As a result of the larger prom groups, the club is no longer able to handle the capacity without disrupting the membership and private events' needs. The staff at Flossmoor Country Club wishes those attending prom this year a wonderful time, and understands the importance of this memorable tradition.

CHECK-IN

Students must arrive by 9pm, and once you leave, you cannot return. Students must enter Prom by 9pm. When you arrive at Prom, all attendees must show a photo ID. **All HF students must show their HF ID** at check-in. Students can present their virtual HF ID, which is accessible through the InfoDynamics app at infos.hf233.org.

If your guest is not an H-F student, they **MUST** present a current student ID, State Drivers License, or State Issued ID. No student will be admitted to Prom after 9pm and the doors will be closed. The "Good Night Rule" applies, where if a student chooses to leave the venue during the evening, they will not be permitted to re-enter.

During the weekend of Prom, there will be several other events taking place around the Field Museum and Museum Campus, so please account for this by giving yourself additional time to park or to be dropped off.

FREQUENTLY ASKED QUESTIONS ABOUT PROM

Who is responsible for organizing prom?

Prom is organized by the Junior Class Student Government and Junior Class Sponsor, Courtney Alexander (calexander@hf233.org).

How is the cost of prom tickets determined?

The cost of prom tickets is determined by adding up the cost to rent the prom location, catering costs, invitations, and prom favors and dividing this by the number of students expected to buy tickets. The JR class DOES NOT make any profit from the sales of prom tickets.

Who is responsible for selecting the location for prom and when does this occur?

The Junior Class Sponsor gets student input for selecting the location of prom, but because we have to compete with other schools when selecting a prom date and location, we usually book a prom location and date 1 ½ to 2 years in advance which makes it difficult to obtain input from students who will be attending that prom.

What determines the location and date of Prom?

Factors that must be considered when selecting a location include capacity, parking, cost, safety, and availability of the facility. Since we are a large school, we are greatly limited in our selection. Prom is scheduled on a Saturday to reduce the number of student absences. We try to schedule prom when it will minimize conflict with AP testing or extracurricular activities.

Who selects the food for prom?

The prom menu is selected by the members from Junior Class Student Government. When making our choices, we are thoughtful about dietary preferences and common allergens (eg. nut allergies) of all students who might attend Prom. Our goal is to meet as many student tastes and preferences when designing food preferences, and keep the price affordable as well.

Why are tickets sold only after Spring Break and not earlier?

Students often change their prom dates even a few days before prom. For security reasons, we need to have an accurate list of each student attending prom and whom they are bringing. If we sell tickets too early, it is very difficult for us to maintain a record of which students are coming if many of them change their dates.

Why do ticket sales end one week before prom?

Caterers require a final head count 1 WEEK before prom to finalize their food orders and staffing needs for our event. Once ticket sales have finished, a guest list must be compiled, non-HF guests must be cleared by the Deans' office, and this list must be copied for check in. The 8 days allows us time to make adjustments with the caterer based on initial estimates, and time to clear all students attending prom.
